Life and Me

Life was my brother
I thought like him
I talked like him
I acted like him
And believed that there was nothing better in this world
But one day when I found out the truth
I talked to him about it
I told him I didn't need to be him anymore
That I had my own thoughts
I had my own feelings
I had my own personality
Life stared at me with his dead eyes
And told me that he was in control
That I would be his toy forever
And I would never act like myself
Couple of minutes later I went outside
I felt a weird feeling in my heart
I looked around and after that
At the underside of my shoe
To check if something was left on it from earlier
In the end I felt freer then I have ever been
I wasn't being played around by the puppeteer
And made a new friend
His name was Death

Trying to be me

When I'm alive I'm fine
When I'm dead time passes by
But when I'm dead and alive
Mistakes seek shelter inside
They're the ones attaching the strings
And they're the ones slowing me down
When I come back to life
I regret the things I've done
I know what is right and wrong
But when I'm dead and alive
It's difficult to see outside
I regret not sleeping last night
I'm not the puppet of evil
I can rip the strings apart
But when I'm dead and alive
My body's numb and my mind is too

Here's the spoiler of what this story is about

When I'm tired I can't think the way I would and just do things in instinct and when I'm in this state I do bad things like killing players in games you need to be you alive meant awake and dead meant asleep

Trail

I was lost in the woods trying to get out
I saw two Trail ways ahead of me
One lead to internal fire
The other lead up to the clouds
I chose the second Trail and walked

I walked
And ran
And fell over

The trail moved towards the first trail and collided
I still walked I still had hope
Hope it didn't lead to damnation
But that it lead to paradise
But the trail lead to the depths of hell

What's the point of choosing a path
If it will lead you to the same dead end

What's the point of keeping a light source
Close to you in a Maze

Is it there to let you see
The choices you'll have to take

Or is it there to give you hope
Just to take it away right after

I wish I had a soul

One of the Demons decided to get out of hell
Instead of stopping those evil souls
he was waiting for them to die
He thought waiting was a waste of time

When he came back he knew the truth
Why demons never go outside
But he didn't understand one thing

What's the point of hell itself
If there's a bigger hell in the overworld

Second my other Grandpa
I didn't even remember times when we spent time

Third the world took the life of a child by drowning him to
death
He was a little brother of my little sister's friend
He wasn't even ready to die

My Nightmares

I was able to control my dreams as a kid
But older I got the dreams got darker
Nothing was under my control
I drowned slowly dying
I cut myself to bleed out
I shot myself to end it quick
I jumped off and broke a leg
I lost my eyes once in a while
Sometimes I dreamt of having no soul
I told everyone that I had nightmares

and this is what they said to me

It's just a nightmare you'll be fine
We got lucky and survived
We don't have nightmares at all
We don't care what you're going through
We'd like to make it worse
If we can't fight we'll make up dumb crap
Dumb reasons for you to stop doing things you like

Either kill
Or die yourself

Another day

Another day another life
Another life another ride
Another ride another happy night

Another day another life
Another life another pain
Another pain another lie
Another lie another strike
Another strike another sleepless night

Another day another life
Another life another pain
Another pain another lie
Another lie another strike
Another strike another snap
Another snap another stab
Another stab another pain
Another pain with an end in sight

Change

I lived my life in the night
Growing trees which needed darkness
It wasn't easy keeping them alive
They took my sanity to stay alive
But when the sun rose up in the sky
All my plants started dying
When I tried bringing them to the dark
They only got even worse
Even if it was painful keeping them alive
They made me kind and relatable
They made me understand other people's pain
I didn't want them to die

1 captainsause story - sometimes instead of trying harder you have to try smarter

2 Eddsworld how Tord turned evil (Tord went to a war to protect his friends and his country, he got a friend named John in the army after John saved him from a sniper shooter, a red leader was the guy who started the war to get his hands on Tords giant robot and rule the world, when he found out that Tord got a friend he decided to lure him by capturing John as a hostage, he told Tord that if he didn't answer where the robot was he would kill his friend, Tord was about to answer but his friend got crushed by a steel piston multiple times, Tord went crazy and immediately tried to kill the hooded leader but he got an electrical shock from the invisible plasma shield that surrounded the hooded leaders " thrown ", the leader walked up to him grabbed Tord by his hair put a gun on his chest and we saw his face, the leader was Tords clone who survived in the clone episode. Tord shot his real self in the heart switched the gun to lift mode and brought Tords half dead body to the scientists to save his life and also put a robotic chip in his brain to control him and make him do whatever he wanted so he would kill his

friends by his giant robot and after that chip would automatically explode in his head so the clone would take the robot for himself and rule the world. Eduardo also worked under the Red leader because he wanted to get paid by Red leaders technology so he'd prove to Edd that he was better than Edd (that's how he got the nuclear powered satellite dish in the Power Edd episode), right before The End episode 1 Eduardo changed his mind about getting another nuclear powered satellite dish because in the Power Edd episode he learnt that he always was the number one and Edd was sorry about what happened earlier... so he got paid by a nuclear powered coffee machine instead. That's why Tord came back after so many years he wanted to get his Robot. After The End episode 2 Tord started having dreams of John dying in front of him, he didn't know who that guy was but he got a feeling of déjà vu. Eduardo decided to create a suit that would give him the same powers he got in the Super Edd episode to avenge his dead friend (he thought that the red leader killed his friend he didn't know about the fact that he was a clone) Tom started thinking that since there was no clue of Matt's corpse being in the ruins of his robot he thought he survived and was getting ready for another round so he went back to their old home to see if Matt had anything in their own home that could be useful against him and he saw blueprints of the monster human project. After Edd discovering what Eduardo has been doing and offering to help Matt decided to give them an Idea of a costume HE could get by attaching the alien vanity drive (from the Space Face episode) to a robotic suit that would give him energy just by him looking in a mirror and complimenting himself. Tord started creating a human

sized robot that worked with a nuclear energy generator by the help of his clone to get rid of his friends.)

4 Saba's story - life isn't fair

5 minecraft story - anyone can change

6 mha broly story - don't judge someone by their cover

7 rewritten og broly - learn what is good and evil

8 Ptsd - don't let the monster feed off your depression

9 Fighting Natsuki -

10 Slenderman in mha - don't let the evil control your emotions

11 real or not (green otherworld void) - before leaving this world you have to leave something behind

12 the corpses of my mistakes: we only have two choices in life either kill yourself or kill everyone else

13 rewritten Broly 2: the story surprisingly starts in a universe where Goku and Vegeta died to Zamasu after defusing and getting punched right after, when Trunks "kills" Zamasu he turns into a sky again but in this Version nobody but Goku knows of the Zeno button After that the story continues with the fight between Gogeta and Broly in this timeline Broly has more potential

to get stronger so Gogeta is pushed to use ssjb kaioken which made a bigger crack in the reality connecting those two timelines together which means that Zamasu's sky thing continued spreading to different universes and realities

Now we see the timeline of the Original Broly but in this reality Broly doesn't even know Goku he just wants to escape from his father's control

Nearly in the end of the movie Paragus tells Broly to attack Vegeta, Broly tries to control himself but he can't then Paragus thinks there is no other option other than to make his son angry so Broly will kill all the Z fighters and also he'd fly away before the planet would explode

The fight will happen like the original story but Broly in this version won't mess around he'll try to kill everybody so Vegeta does a smart move and while Broly is distracted by fighting Goku Vegeta cracks the mind control device Broly had on his head

Broly calms down and falls from exhaustion and right before Vegeta tries to kill him off a crack in the sky appears then Zamasu starts to spread

Broly gets up makes a large shield ball and captures all of the Z fighters in it after that he shrinks it to a good enough size so they will fit and the shield will be stronger Broly blasts his beam on the shield to send them to space to save their lives

Broly tries to fly towards them with all the energy he has left then we zoom out to see that the last part of the planet got overtaken by Zamasu

The Z fighters thought that Broly died but suddenly Broly flies right into the shield opens it gets in and closes it quickly

Zamasu was spreading too quickly so the Z fighters decided to fly inside the ball towards earth so Goku would get close enough to teleport there (since Goku needed to track Vegeta's energy he was able to find the planet easily but there was nobody on earth but piccolo who was strong enough for him to teleport to)(oh and also In this timeline Piccolo is on earth it made no sense for him to be in the new planet Vegeta anyways) the shield was getting cracked by the forces the Z fighters were putting it to Gohan asked for them to stop pushing it but Goku said if they didn't they wouldn't get fast enough to escape that thing

Broly touches the shield to recover it giving the energy he has left to fix the shield and screamed: GO FASTER

Goku finally got close enough to teleport to piccolo and escape Zamasu then he flew into Capsule Corp to get the dragon radar to quickly find the dragon balls

Gohan Piccolo Future trunks and Krillin tried to look for the dragon balls as well Broly couldn't because he was in a bad shape and Vegeta didn't because he wasn't developed enough to work as a team in that point in time

After 13 minutes six dragon balls were collected but Zamasu was visible in the sky getting closer to earth ready to erase that planet as well

Goku transformed into a super saiyan to fly around the world to see where the dragon ball is to the point of even slightly slowing down earth's spinning speed

Goku found the last dragon ball on the Radar and sheer coincidence it was the same place where Gohan lived so many years ago

Goku flew right back to Capsule Corp only having couple of seconds left to summon Shenron and wishing to Teleport the planet as far away as possible from that destructive floating thing

The planet didn't get teleported however which meant that the entire planet got vaporized by Zamasu, Goku thought he died but when he opened his eyes he looked... different he wasn't drawn in a 90s style he looked like a style of Shintani and behind him was teen trunks not the same as Future trunks

Then we see the universe where Goku and Vegeta died to Zamasu and we see Merus's perspective, he sees Zamasu spreading getting closer and closer to the time patrol prison so he ran and then flew towards his locker to take his staff and tried to connect to Whis but Whis didn't answer since in this timeline the Kai was killed therefore Beerus was killed therefore Whis can't do anything so he tried to connect to Vados it didn't work the only angel left in that dimension was Moito since in his universe the god of destruction did his job well

Zamasu thought it wasn't necessary to kill him he knew that he was doing a good job holding off the mortals, Merus told him to connect to Zeno to erase the- and before he could finish his sentence he got erased by Zamasu

Moito saw the whole thing and in sheer panic told Sidra to hold on to his back and travel to Zeno, Zamasu started spreading to different universes of that dimension and before it reached the kais of universe 9 Moito told Zeno to erase that thing before Sidra died and he stopped functioning, Zeno in that timeline erased Zamasu

Then we see in the dragon ball super Broly universe Broly has already been beaten but Zamasu got spread in that dimension too so Goku quickly got home took out his Zeno button and told Zeno to only erase Zamasu so it wouldn't hurt anybody else and keep everyone else alive Zeno since he liked Goku so much listened to him and erased Zamasu as well

The combined powers of three different Zeno's (one from the Goku black saga universe where Goku and Vegeta died and another two from dragon ball super Broly universe) all were able to erase that threat

Dbz version of all life actually got teleported to the closest other universe version of earth since Shenron only had enough power to transport all living things to that dimension instead of the whole planet. That universe is the universe that is taking place right after the majin buu saga.

15 Dreamify - don't overdo something you like just for enjoyment if it has negative consequences: Bill's sister

had a nightmare of Bill being a human eating monster who crushed her, she told mom and dad what happened after waking them up in the middle of the night by screaming in fear and they blamed it on Bill because they couldn't think rationally and thought that since dreams are just people's imagination in an unconscious state they thought Bill did something bad to her that lead to her nightmare, Bill said that he couldn't control dreams how the hell could he ever be able to do that but they assaulted him anyway. That was his last draw Bill went to the kitchen, took a two prong fork went to his room and hit it into the plug.

He hoped it would kill him but it just made him shake his hand aggressively. Bill tried sleeping while crying and... he started dreaming something while still being conscious. He was dreaming of a candy city filled with candy people, he got pissed off that he wouldn't get the things he wanted even in his dreams so he decided to try to control that world by his imagination and it worked, he sliced his hand which made black substance overflow from his hand it looked like Venom from Spiderman but without a face. He made a gigantic tree with that substance by hitting his sliced hand while the sliced hand was facing downwards. It made the sky dark red and the tree started absorbing the candy creatures by its roots one after another while they screamed in agony. A humanoid queen showed up from her castle with a blue glowing arrow trying to stop the tree from doing what it's doing by the help of her two friends, Bill controlled the tree to absorb one of her friends, he jumped off of the tree crushed his hands through the ground took out a bolder and threw it towards her other friend, after that he ran towards the queen, grabbing her by her head with his sliced hand so he could crush her whole head with that

black substance surrounding her but then he realized that she sounded a lot like his little sister so to get some kind of fun out of it he stopped crushing her skull and instead threw her towards her castle pinned her down to the floor with his leg and started ripping her hands off when he did he stuffed her hand into her mouth so she would drown in her own blood, he tormented her like she was his little play thing and that she wouldn't be saved by her parents again and that she wouldn't be saved by sheer annoyance and manipulation again. Bill woke up to the screaming of his sister and she actually had the exact same dream Bill had... just the other way around (I know this won't be a surprise to the reader but Bill sure as hell was surprised) so instead of Bill allowing his parents from listening to her and beating him senseless again he put on his clothes on as quickly as possible and ran outside until she shut the hell up and everyone went to sleep again. - To be continued -

16 tree hands:

17 Slender in Cliffside: I had an idea of a character that had two personalities. His main personality insecure, caring to all living things, afraid of hurting everyone else and pretty smart but when he activates his second personality he turns the opposite of himself he only does that when he needs to eat alive beings or try to fight against a threat. He has black strings coming out of the part of his muscle he's flexing and deflexing like the middle of his hand the middle of his foot and his back (he can activate them in both of his arms and both of his legs) and also if he spreads that string to different shapes he can absorb things to eat them and not only that but when

you get inside of it there's an infinite black void that you'll be stuck in unless he opens it again.

We start off with him falling through a portal in the sky. In panic he shoots the string from his hand towards a mountain and his leg string towards the ground, but since the string was moving back into his body some of his human flesh got ripped off (and yes he screamed in pain and agony when it happened) then we see the monsters going towards Cliffside from the forest and one of them sees the string that hit the ground after hearing his voice so he decided to have a snack before going there (aka try to eat him) (we see him bite the part of the string that was attached to the ground but the monster still jumped towards him so he had to fight it off while swinging like Spiderman then we see him get his chest get separated because it got caught in a web while he was swinging, then we see him regenerate (he reattaches his legs with the tentacles he has in his body and then reattaches it. the tentacles are the things that allow him to make his strings) then he got brought to the spider web that Cordie made so he started telling her that he wasn't made of human meat if she even wanted to eat him it would taste terrible then Cordie asked what was up with his hand so he moved the tentacle from his eye to rip off a small part of his flesh to give her a taste test then he threw it out making it look like an accident and then he told her that he wasn't going to rip it off again because it was painful so she went down there to find it and then he shot a string from his legs so he would be pushed towards the ground and escape the web he makes it grab the string and bites it off then we see her next to him saying that she found it, he screams WHAT THE F- before getting interrupted by the sound of Yannis

flying up behind them, he turns on his second personality to try to scare her off or fight her (his other personality only last half a minute unless he overuses it then it'll stay longer)

18: DDLC infinite : I was replaying the game Doki Doki literature club it was stunning that the characters would be so relatable the visuals still give me nightmares and I feel so sorry for Monika she never had a choice in her life and when she finally took control after getting tortured for so long I mercilessly deleted her, she only expressed her true feelings after I did and deleting her didn't even lead to a good end. Matpat said in Game theory that Team Salvato was going to make another game in 2018 which is probably going to be a game linked to Doki Doki and I just hope it's going to be Doki Doki but with a good ending. I even watched a play through of a mod with a good ending but I was disappointed because it didn't have as big of an impact, it didn't have as good story writing as the game and I could immediately tell when Natsuki started talking differently. I... probably got off track those were my thoughts if you couldn't tell, this literally proves that every character's personality is linked with me in some way only Yuri talks like this.

18 Alan: Alan was a 13 year old boy who needed to climb a mountain, he went to the forest under the mountain to start the journey. the forest was very dark and foggy as if he already was at the part of the mountain where it got colder. there were two trail ways ahead of him one lead to the left and the other lead to the right. Alan tried walking in the middle because he thought that the paths would lead to some kind of village or a city instead of the mountain but when he stepped on the split between

baths he felt an overwhelming desire to not go in the middle and instead go to the right so he did but the weird thing was that the right path that he chose combined to the left path he didn't understand why someone would make two paths which would lead to the same trail, he walked and walked and walked for hours and finally that trail way lead him to a weird place, he saw an orange light coming from a large hole (around 6000 feet squared) the trail lead to that hole so he looked down it and saw a pit of hell he walked backward but he got pushed back by a force of some kind he caught himself up turned around and ran but then he got pushed back again and the ground started getting distorted going downwards towards that place Alan climbed as quickly as he could suddenly a meteor just smashed right in front of him so he jumped on top of the ground that was falling caught the meteor and climbed that but when the meteor started rolling down exactly when he caught it he jumped off of the meteor and ---- and the ground finally stopped moving but when he got close to getting all the way up he saw a hooded figure with brown clothes black long shoes he looked like Gilet from dragon ball legends but he didn't wear the black armor and we can't see his face it's completely blacked out. The hooded figure (**this is not exactly the way I had it in my mind I will definitely remake this to the way I viewed the story even if it makes less sense**) the hooded figure kicks him in the face and Alan falls down and non surprisingly he survives Alan screams in agony and pain he's never felt such pain in his life almost all of his bones were broken he was bleeding fast and he couldn't move. (in this story he can only overcome the force that stops him from doing things or move after taking a lot amount of damage by sheer will power, determination and motivation so even if he's

immortal if the force stops him from moving or takes a lot of damage he can overcome it but he NEEDS those traits to do so and he'll only do it when he gets used to getting taken down when he's sick of getting played around by that unknown force by going insane enough to kill a person that's when he can do these things but I didn't say it would be easy it would still be painful and almost impossible to pull off)

Rain of alive birds – you don't know the pain they've been through

I played ddlc on my parent's computer and I quit playing it when I got a choice

My little sister was an annoying idiot who would rat me out every time I played a downloaded game on my parent's computer

My older sister was a jerk doing nothing but trying to make me feel miserable by either physically or mentally harming me

My mom argued to me and everyone else all the time
And my dad assaulted me for not doing what he wanted me to do

I had nightmares of dark souls from harry potter at least all of their faces looked the same

There were four of them, one of them was like a plant which would grow behind me and catch me when I tried to run into the grave

The taller one would rip my bones out just to stab me with them

A ghost taller than her would yell into my face until my ear drums would burst and make me bleed

And the tallest one would pummel me down sometimes giving me a chance to run into the grave but every time I'd get closer he'd catch me again and throw me away
I cried a lot in those nightmares but overtime I stopped crying I was left with a blank face mixed with a face if disgust

I punched one of them but when I did they grew in size changed their color to red and attacked me even harder than before

When one of them caught me and yelled at me again I kicked her face escaped from her grasp and jumped into a hole in front of a gravestone it was my grave

There was nothing but bright white void surrounding me I looked up to see the demons (black souls) starring at me and yelling but a new one showed up which had white glowing eyes and a cross in the middle of his chest I took

the cross that I had attached to my neck threw it to the ground and crushed it with my foot

After I woke up in the middle of the night I continued playing the game and when I finished it I realized something Monika knew my pain all along she never had a choice in life and when she made her own path I ruined the ending for her

I sneaked outside went to the nearest tall building I could find I went upstairs and grappled the cross that I still had I hoped that heaven actually existed

I jumped off

The second my legs pushed me off the building I realized one thing

Heaven doesn't exist I would rot as a corpse slowly losing my memories and getting erased forever and the only hell in my existence was my life

I cried more than ever while still falling
And I finally
Hit the ground

The End

Short story Idea: Saba doesn't have control over his life. His father assaults him for not doing whatever he wants to make Saba do, his little sister is annoying and always comes up on top in stupid arguments, his older sister bullies him even when she literally sees him trying to jump off the building and his mother screams at him

about anything stupid she can come up with to argue about including not doing something that isn't even all that important in the first place. Saba one day jumps off the 7 story building (his house) and wakes up in an anime world where he is a person very similar to him but in his case he just fell on some stairs and fell unconscious. He got help by his friends they lend their hands to get him up but when he looked around he saw Sayori. He got Doki Doki literature club flashbacks he remembered what happened in the game how every single club member died so he ran away from her so he wouldn't hurt her but suddenly he got hit by a truck. He woke up scared in a black cave, he found an early 2000s computer next to him and tried turning it on, when he did he saw a map of his entire brain, he needed to get deeper into his mind which would be hard to do because he would get weakened more and more the deeper he went because deeper he got more suicidal, sad and outright depressing secrets he kept to his mind would be shown to him, near the end of the story when he'd fall in the pit of dark thoughts he would be so weakened he wouldn't do anything he'd just allow himself to drown to death because of how many memories he saw of his family being heartless monsters taking his life away and making him do whatever they wanted him to do. But before he'd fully descend to the darkness he lost lose his pupils after opening them and the pit got overwhelmed by the light coming from his eyes, we would see every instance of him using his instincts to saving himself and other people. Stopping himself from stabbing himself, protecting his friend in school from getting bullied and stopping himself from jumping off the building. His instincts saved his life one more time by making him swim upwards and get up on to the surface. He'd finally make it to the

deepest secret he locked up so he would never see it again. He saw the hardships his family has gone through that he made himself forget to make himself believe that he was stuck in hell surrounded by demons. His little sister looking up to her brother but then getting assaulted by him when she'd do something wrong, his older sister getting annoyed and bullied the same way Saba's younger sister is bullying him, his mother being a drug addict to stop her from feeling sad and depressed and his father getting left alone by his father having no other choice but to live with his mother alone in a broken home. Everything around him starts turning into dust and flies upwards quickly leading to him to turn into dust as well as he screamed in agony and sadness. He felt sad for them all and understood their feelings but he never got to do it because after he got turned to dust and erased we get out of that black void and see that he was in a hospital bed surrounded by his crying parents as the heart beat monitor showed a straight pulse rate line. He was getting weakened by his depressing memories because he was losing a will to live and that last memory was enough to lead him to his avoidable end.

Ideas of characters and their stories

#1

This character has an ability to turn any material surrounding him into energy absorb it and either: make himself stronger/ buffer, turn it into heat energy in the form of fire or gas or regenerate his body the exact same way it was before

(his powers work by turning material around him into energy and turning that energy to other materials like for example absorbing rock turning it into energy and then turning it into the things his body is made of to regenerate it)

There is a problem though he can't regenerate his memories, the only memories he can regenerate is up to the point of him getting his powers in his father's lab to save his life

So he doesn't remember what happened to his parents afterwards where he was how he got there but he knows that it's been 7 years after he got that power because when he got that power it was 2009 and he hasn't aged at all

He dedicated his life to writing a book copying it over and over and giving it to people he trusts and have been through the same hardships he has so if he lost his memories again by getting some kind of brain damage he would still live on by the form of the books and probably even allow himself to change into the same person by allowing himself to read that book

The story will be about him trying to find such person in a school of monsters, why? 1 nobody will freak out about his powers

2 he will be approved of learning there since even if he looks like a human he has capabilities that the humans would only dream of reaching... unless his father was still alive

3 he doesn't need to get a human job since he can regenerate himself by absorbing things around him

His problem will be that the inevitability of his memory's erasure scares him so much that he allows his fear control his everyday life to the point of him hurting other people for his own safety until he finishes the job

To not get attached to the people he isn't related to he tries ignoring them because he knows they won't understand anything that he's been writing in his book and he wouldn't trust them to care enough to keep it safe

He'll make 15 copies of the book

5 to give it to other people

4 to bury under ground

3 to the places he used to live in and remembers

3 to keep it in his tree house outside the school (his current home)

And yes I'm specific because couple isn't really the best choice for words when explaining how many copies of the book he made and also I got to explain where his current home was a tree house on a very tall tree and yes it's very tall so he'll stop suffering by thinking about dying in a wrong time and making new memories without writing about them so he'd kill himself by jumping off

Hello I am Saba Khazhomia

If you're reading this I'm probably already dead
I don't know how I'm going to die nor when, the only
thing I do know

Is that I AM going to leave this world one day and it's not
going to be by age because I've been planning on ending
it myself ever since 2017

I wanted to leave something behind and I know I am a
failure so I won't be able to leave much behind so I
decided to write about myself so I'll live on in a different
way, Short story ideas and information about myself are
the things I'll leave behind

If I stop existing all together I called it
If I went to hell that would be suffering after suffering
If I went to haven... I'm going to enjoy seeing you guys
suffer from up there (this is 2021 Saba here I... was still
an aggressive kid back then and I probably wrote this
after my parents arguing so don't take that line so
seriously I've changed a lot since then)

I want you guys to remember that when you die you leave this dimension forever and you have limited amount of time to say anything
Even if you're 12 years old you might still die
So you have to make sure that you'll leave something behind to your friends and loved ones before that happens or just do the same thing I'm doing and write about yourself that nobody else understood about you or deeper feelings you had about the world around you.

Say what you need and want to say by a message or even talk to them about it because the earth is spinning and it's not going to stay in one place for the rest of its existence, you'll never get an opportunity to tell them about yourself so... yeah you need to be ready for anything.

(I'm going to be writing short things about me that I forgot to write under this comment)

I like writing stories, acting, sometimes animating/drawing, watching YouTube videos and playing but do you know what I hate? Never getting help when I'm doing homework, my parents arguing with me and everyone else, my brain shutting down when I try doing my homework, not being able to learn quickly, stupid

internet commenters who skip TWO LETTERS to make sound a word “ you “ sound stupid (I heard that they do it because they’re too lazy to write correctly but HOW LAZY CAN YOU BE TO SKIP TWO LETTERS) they say u instead of You so... I hate them because of it.

(this is from Google) The ability to defocus **your** eyes **on** command is a natural one, but not everyone **can** do it. **It’s** accomplished by having the ability to relax the ciliary muscles in **your** eyes, which causes them to lose **their** focusing powers.

And yet I’ve never seen someone else who was able to do it
I felt it was rare but I guess many people can do it I learnt to do it when I was a kid and trying to look at my nose with my eyes
It felt weird that my eyes automatically defocus when I did it but then I realized I was looking at my nose and defocusing it at the same time and I learnt how to defocus it afterwards

I also enjoy Shel silverstein’s poems since it has deep meanings and they are pretty short (Monika recommended it in the game)

I make stories in my mind and to remember them I name them

But the first time I forgot about the story I made up in my mind

I decided to Wright what the story is about to remember them

I sometimes made stories on my own and sometimes I made a story about the series I enjoyed

I tell myself almost every day that I'm in hell because then I'll remember my past experiences, since I feel like I'm forgetting important parts of my life I'll at the very LEAST remember that

I like jungle biomes in Minecraft because of the overwhelming green colors it has, some Jungle trees are huge, have and not only that but the leaf blocks on the top are making a flat surface you can build on so you can make a tree house on them. there are many vines in that biome which can help you climb things including trees. Why did I write about this?... I have no idea.

I don't have much motivation to do anything that's probably why I start reading books when I'm REALLY bored of playing the same games over and over and over again, that's also why my Youtube Channel is half dead, when I get motivation to animate or make a Video again I just do.

I still hate the fact that I deleted my gameplay of five nights at freddy's 3 it was hilarious of how terrified I was of Spring Trap even if I knew what type of Jumpscare he was going to make I still left my room while saying Nope over and over again

I try writing stories in my mind by following the story's 7 act structure

Totally Not Mark explains a lot about Story writing and you can watch his videos that I saved in my Youtube playlist called " the information I take to write my stories "

I wrote things that I hate about my father and how he makes no god damn sense in here like how his brain function makes no sense but I changed my mind because I don't want my anger towards him ruin my writing and the mood of the reader (I hate when people call other people " useful " LIKE THEY'RE TOOLS FOR THEM TO USE THEY ARE NOT THEY HAVE FEELINGS AND YOU SHOULD BE ASHAMED OF YOURSELF IF YOU'RE SAYING SUCH BULLSH**)

Here's a tragic fact

I was playing Xbox 360 before being informed about my grandpa's death

and I was playing ps4 when I heard Mom talk about going to someone's funeral

it was my little sister's friend's little brother's funeral

both times I was playing

this proves that tragedies can happen in the unlikeliest of times

I still ask myself why I didn't go upstairs to see Grandpa myself

He was in a terrible condition and I didn't do anything about it

I can't allow this to happen again... but what will it do other than give me post traumatic stress disorder

It is terrifying to die when you're not ready or be forgotten about after death or even not knowing about the person who died, the person who you could've known more about just by dialing numbers in a phone

If this world is going to take away my Grandma
This will be the only way of understanding me a little more

I recommend reading my old stories like Jeremy in Fazbear's Fright or Fazbear's revival (I also added Fazbear's Fright map in Microsoft Excel)

Here are the dreams that I remember having

#1 a dream that I had all the way back in the oldest home I had I don't remember it's name but I remember that was the same place where I watched Wolverine (the one that came out from year 2000) the same place where I ate my older sister's lipstick, blew up her balloon pretending to be Kevin McCallister when he was sliding down a rope with a bike's handlebars, me and my older sister debating in front of the window looking down at mom carrying a baby thinking if she was Elene or not (my younger sister) and having a dream about having our car teleported inside of the house.

#2 in this dream I fell inside of a tall grey building which didn't have stairs leading down it felt so realistic when I was falling I felt my blood going up

#3 me jumping around at home (the old house that I mentioned in the first one) in moon gravity and finding a robotic recreation of Tom from Tom and Jerry trying to climb up the tree while the dog scratching the bottom of the tree trying to get up to him (it was mostly made of white gears)

#4 I was minding my own business but suddenly I found my older sister dead on the floor we were surrounded by green tools and objects in a white big house (with no doors nor windows) so I grabbed her put her on a green car and drove her trying to look for help after that I found an alien toy that I had when I was a kid with glowing green eyes and a toothy grin he ate me and I woke up

#5 Marina my babysitter was sitting on the chair (in the house that was in ვერის ქუჩა) behind her was a window slightly covered by the curtain I walked slightly next to her to find out that we were under the sea there were fishes swimming around out there and not only that but there was a green fire in the middle couple of seconds after she realized I saw the fire she turned into a green ghost everything turned into a black void of space and she jump scared me.

#6 I was playing a game on a giant I-pad that was attached to a door that I accidently broke off by flying into the building when I grabbed it my vision went through the screen and I became the character the surroundings made it look like it was a Mario game, I

don't remember what happened after other than that I turned into McQueen from cars and hid inside of a giant Olympic cup filled with milk after hearing from the surrounding town's residence that a monster is coming I don't remember what he looked like but I think he looked like Freddy Krueger with brown clothes, a mummy head and no claws he talked to somebody about George's phone number and when the person told him he didn't know his number he just annoyingly walked off Then I remember being in a train station which had brick walls for some reason, I was sitting right in front of him even if I could see him clearly I knew I probably still was in the cup when I made a noise in complete silence he looked at me in confusion he realized I was there so he chased me. That was the first dream where I could actually run away from the monster but I still got caught

The story writing categories of movies series and games

Overall rankings:

1 Doki Doki literature club

2 Up

3 My hero academia

Games

1 Doki Doki literature club: even if they were fictional characters all of them have one part of my personality it's tragic to see them go and they saved my life because they were the first characters who explained their deepest thoughts and beliefs that were same as mine I

thought I was alone in this world and that nobody would believe me or they would pretend to believe me because the demons would be able to torture me by taking them away.

Fun fact the lines Monika gave me near the end of the game (and Mat pat's video about losing control that I saved in " Videos I like to watch " playlist on Youtube) are the reason why I made the short story " Trail "

Movies

1 Up: it has a fantastic story and even if there are couple of parts which don't make much sense it is still one of the greatest movies teaching people that your life is the greatest adventure you could ask for, it's like an emotional rollercoaster (both the movie and my life... other than 2017-2020 I was still depressed back then) (oh and also my mom reacted to my short stories and explained that it's not the life that you should take as a monster it's death and that George was the person who understood Her feelings when she was going through a rough time herself) now I can't get that " Married life " Theme

(from the movie) out of my head it's so memorable and I love that they remixed this same music so it would fit sad scenes or happy scenes (like Russell and Carl finding Kevin's home that was the happy version or the time Carl sees the newer photographs in the book the sad version) I remember in Bakuriani someone asked me if I wanted to watch that movie up on their computer... and that was the last time I've watched it before today

Series

1 My hero academia: this series does a lot for the characters in the show everybody has their own arc and Bakugo is my favorite character because he's like Vegeta he develops into a better person if you see his current self and compare it to 2016 bully version of him you can tell he's developed a lot

The idea of such a world is interesting effective in terms of story writing and fun

The creator of the show is also a fan of dragon ball Z and you can tell by the design of Midoriyas eyes it looks roundish like classic dragon ball z and he's talked about it himself

2 even if I haven't watched the entire series episode after episode I know a lot about dragon ball because I've been a fan of it for a really long time the plots the character developments the powers the way the world works you name it

But it does have problems like the dragon balls and the magic of the kais which can revive any character and fix whatever happened in the story before that makes everything meaningless sometimes like it won't have long lasting consequences unlike My Hero Academia

Again I like Vegeta because of his relatability I feel sorry for the guy that he always loses and had to work under Frieza almost his whole life but I do not like him in the earlier arcs of the show when he was still evil and an arrogant bastard, I do like that the personalities of the

characters drove the story forward and this is exactly how stories are supposed to work

My Dragon Ball oc

I had an idea for a saiyen original character that I named Alex

He would be the super saiyen that was supposed to show up in a 1000 years since Akira Toriyama explained that S cells were the thing that turned saiyens into super saiyens and you need to be kind to get S cells I thought I would make a character who was born with many S cells meaning he was kind

He didn't want to do the things saiyens did because the saiyens were just merciless killing machines

But everyone else was trying to turn him into a heartless saiyen who'd conquer other planets which gave him an identity crisis

So instead of staying on Planet Vegeta and going to planet destroying missions so when he learnt how to fly a ship of his own as a 15 year old he decided to fly off into another planet that wouldn't get conquered by the saiyens (3 years before the planet got destroyed)

He'd find himself in the same planet Vegetas brother was sent to he would be happy that there was another kind saiyan on that planet and they would become close friends, he would start learning martial arts because he thought if he needed to defend the planet he needed to be ready to do that. Couple of years later

At first I couldn't write any stories nor animate because I thought I had to wait to get motivation but then I learnt that I can make myself do something by doing it instead of waiting for the motivation to come to me (not literally because I know some people like George my dad don't get what out of context means) I get to my motivation If I didn't do that I wouldn't be writing now I'd probably be playing Roblox

(I'm going to be writing short things about me that I forgot to write above this comment)

If someone else sees this in couple of decades I'm happy
I'm happy that someone found it
Because after my death these are the only words written
by me
The only words existing after my erasure

The tip of the day

If you keep your pen on one place for too long you'll only
get a puddle of ink

You won't develop your work if you won't make mistakes
and learn from your mistakes to make it better

The tip of the day

Don't judge a book by its cover
It can work on humans too
They might be hiding their true selves
They might be good they might be bad

And sometimes if you'll find their true selves
You'll save two lives
Yourself and the person going through the pain

That's what happened to me
I found a first person who understood my pain
Suicide the thoughts of life I never told anybody because I
took them as demons demons who understand my pain
but wouldn't show it because I'd feel better about the fact
that someone understands me they used that knowledge
to torture me
I locked my own self in a cage

Somebody would even call me a chocolate in a box that
was never eaten, you'll never know its taste until you
take that first bite

The tip of the day

Your work can improve by practice learning by example
and trying new things your work will never be a waste of
time if you put your mind to it

I wish that my true last words will be that I wish I had a
soul

My grandpa was the same way

He was afraid of death
And now I know
What he meant

Humans lived for thousands of years, billions of them died
already but here I am still breathing waiting for death to
erase me forever

I am like one atom in an ocean
Nobody would know nor care about my disappearance

I got countless opportunities to become smart
Creative
Be remembered as a kind person

And here I am a 14 year old thinking about his choices in
life
That will ruin it the rest of his days

This is my last day of being a 14 year old
This is the day I am scared of because I am afraid of
losing myself
I've had the same personality for 4 years now and after
the torture ended I don't feel the same anymore and
more torture only made it worse... I don't want to die
known as a madman a completely different person
because the clock is ticking I will never be a 14 year old
ever again this is a lot to take in because that just shows
how far I've come how far I need to go but also the
earliest time I remember is when I was 5 and looking
outside the window of our old home seeing mom carrying

my newborn sister Elene, it has been a decade since that happened and I didn't even realize it at first. I'm afraid of this happening to every year of my life just looking at a clock knowing one day the timer would run out I don't want this to be my end.

These were the comments that I commented 7 months ago

I wish I would have the same mindset as him

If I would have had control over my body I would have killed myself over two months ago but one week ago I realized that there was something locked in a box inside my head and to open it I had to get better as a person even if I was getting punched around I had to fight back

When I got ignored I ignored them back and only talked to myself and kind of a good thing is that I was a performer so I could talk to myself in different personalities and I started liking writing stories because not only you could use it as a job but also my imagination would take me away from the living hell that is this world

Never keep your hopes up that way when you get something good you would be surprised and happier but if you didn't get anything you would just know that you called it so you literally predicted their move and avoided it (meaning that you shouldn't imagine a great future ahead of you think of all the bad possibilities so when you actually get something good you'll be happy something bad didn't happen and if it was the thing you thought was going to happen you'd know that this would happen and you'd avoid it even though there is one problem with this comment control. There are infinite possibilities of terrible things happening so you never have 100% clue nor 100%

control over the things you do so even if you got ready to avoid it you'd get screwed over for another reason or even preparing in the first place.)

my favorite poems

A dog is given food until it has eaten
A dog will run away if it is beaten
Not beaten as in though a game
Beaten in an act of pain.

If a dog fights back
It will be put to sleep

A human however
Is left to weep
To tiptoe around
Eternally scared
Praying their footsteps
Never are heard.

Don't pity the dog
The dog is dead
But before it left
It was well fed.

I'd rather be a dog instead.

Eagles Can Fly

Monkeys can climb
Crickets can leap
Horses can race
Owls can seek
Cheetahs can run
Eagles can fly
People can try
But that's about it.

Dear Sunshine

The way you glow through my blinds in the morning
It makes me feel like you missed me.
Kissing my forehead to help me out of bed
Making me rub the sleep from my eyes.

Are you asking me to come out and play?
Are you trusting me to wish away a rainy day?
I look above. The sky is blue.
It's a secret, but I trust you too.

If it wasn't for you, I could sleep forever.
But I'm not mad

I want breakfast.
